

# RESEARCH BY THE NUMBERS

FISCAL YEAR 2016

## Sponsored Research Projects

**\$200.8 M**  
Princeton University campus expenditures<sup>1</sup>

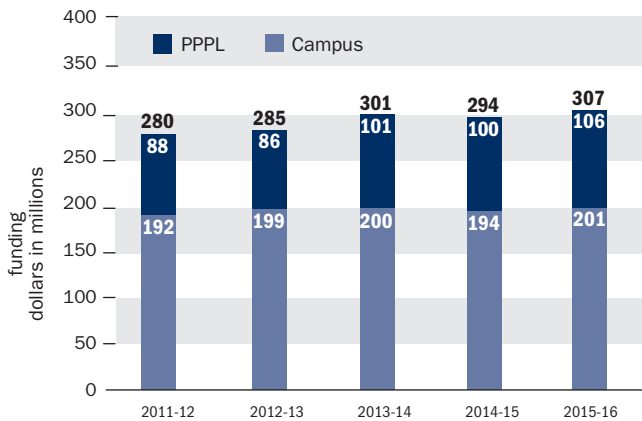

**\$106.4 M**  
U.S. Department of Energy's Princeton Plasma Physics Laboratory (PPPL) allocation<sup>2</sup>

**235**  
Projects supported by foundation funding

**62**  
Projects supported by industry funding

**1,433**

Total sponsored research projects

<sup>1</sup>Expenditures for the fiscal year July 1-June 30.

<sup>2</sup>Amount allocated for the fiscal year Oct. 1-Sept. 30. This funding level does not include an allocation of \$21.9M for infrastructure improvement or pass through procurements related to ITER, an international fusion program.

## Technology Licensing Activities

**100**  
Invention disclosures received

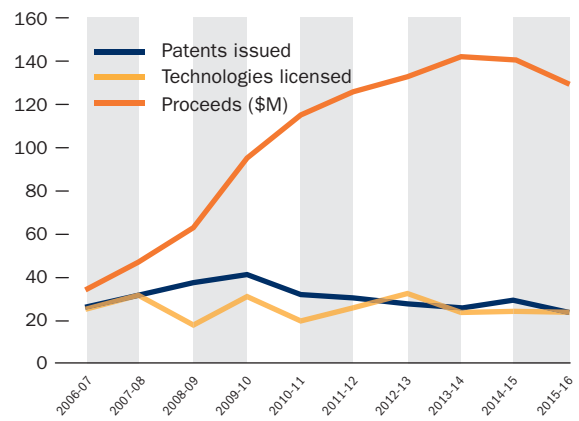

**25**  
Patents issued

**172**  
Patent applications filed

**25**  
Technologies licensed

**\$131 M**

Gross royalty proceeds<sup>3</sup>

<sup>3</sup>95 percent of this amount is from royalty payments from a cancer drug, Alimta™, which almost entirely cease in 2016.

## Funding Sources for Sponsored Research Activities (Campus)
